## “The Idealist”

*INFP = Ideals Need Faithful Pursuit*

The polite, reserved exterior of INFP's can at first make them difficult to get to know. They enjoy conversation, however, taking particular delight in the unusual.

Devoted to those in their inner circle, INFP's guard the emotional well-being of others, consoling those in distress. Guided by their desire for harmony, INFP's prefer to be flexible unless their ethics are violated.

Though not always organized, INFP's are meticulous about things they value.
